Hey Brandon,
I emailed CSC about this (see below), but will have to check-in with Joan again about when this might be done. (CSC's primary SCDM value developer, Josephine Bramble, just left the group.) Thanks.

Hi Joan,
A PPRTV assessment for Sulfolane was just released, and I was curious how long you would think it might take to calculate a SCDM drinking water benchmark. If you have any questions, please feel free to let me know. Thanks.

Hello Michele,

Attached is the final PPRTV manuscript for sulfolane (CASRN 126-33-0).
The manuscript has been reviewed and cleared and may be added to the
data base. Also, I have attached a table that contains details
regarding the content of this PPRTV and any changes compared to the
previous assessment.

Please let me know if you have any questions. Thank you!
